Return & refund module , Support module.

UNE INDÉPENDANCE ÉNERGÉTIQUE À PORTÉE DE MAIN ?

Vous êtes propriétaire de votre logement et souhaitez avoir votre indépendance énergétique, découvrez les avantages d'une installation photovoltaïque.

En quelques années, votre investissement en panneaux solaires sera remboursé et vous pourrez bénéficier de votre électricité verte et gratuite !

Une installation photovoltaïque est très rentable. Votre rendement de 4 à 10% par an pendant 25 ans !

Depuis le 10 mai 2017, l'État offre une aide financière aux Français(es) qui souhaitent produire et consommer leur propre électricité solaire photovoltaïque.

La valeur d'une maison augmentée grâce à la mise en place d'une installation photovoltaïque, (que ce soit pour la vente à EDF ou pour l'auto-consommation)

What Are client says

Like its always said "Never judge a book by its cover". I that i have done business with the firm i could totally agree on the Quote.Believe me guys, i wanted an app and website for my Organisation and so i went for the market research regarding this and this company did my work in almost half the price as compared to the quotations what the other big companies were providing. And for the greater good they did the work in just the way i wanted with little of their improvisation, that too in a good way.These are the people who would be in constantly in touch with you even after the work is completed and would always be helping you if you get any in future.I am really happy with them and their way of doing business while making healthy and friendly relation
KEEP IT UP!!!

Tyrell S.

Shartra Technology is a pleasure to work with as always. I've worked with Shartra Technology on numerous jobs and will likely use it again. Shartra Technology Team very skilled, very efficient and a very hard worker. Project Manager Nishant is an amazing communicator and goes the extra mile to get projects completed. Highly recommend.

M. Smith

Shartra Technology doing great work Team have great skills on Seo and Digital Marketing work "The end result perfectly matched what wanted. Working with them has been a great experience. Gaurav As Project manager is very committed to provide best quality of work to clients and I am extremely satisfied with his work and patience to the changes that I frequently have on the requirements. All and all, he provides me exact outcome that I expected out of the project. would like to work with you for long-term, Gaurav. Thanks for the job well done

K. Jha

Shartra Technology really knows his stuff. They worked extra hard to make sure everything stayed on schedule. They even put in a little extra work to show his appreciation for me hiring him. N. Gaurav always sent me a very detailed sheet at the end of every week so I could see the work he has done and I could easily keep track of the progress. Trust isn't one of my stronger qualities but after working for nearly 24 months of working with Nishant Gaurav, I actually trust him now. He's a real stand up guy and businessman and he really works hard.

Jack J.

Shartra Technology did a great job improving the on page SEO scores and speed. I will use again for more tasks like this.I would highly recommend to anyone. Shartra Technology far exceeded my expectations and hope to have work for future soon.
