

SEO in Helping Your Business Grow

Let's Plan the Future

An SEO plan should have only one goal: Make your site the best in your market. Execute right SEO strategy that is organizing your website's content by topic to improve the likelihood of appearing in search results.

Shartra experts lets you easily create, track, and adapt your SEO plan so you can:

- Know precisely why your **rankings dropped** even though they were doing well yesterday.
- Learn exactly **what to do SEO-wise** with any page on your website.
- Discover what you should do when **adding new content**.

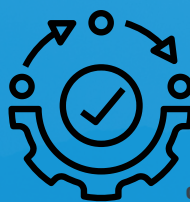

WHY YOUR BUSINESS ABSOLUTELY NEEDS SEO

SEO is used to attract search engine users who search for keywords related to your website.

HOT TOPIC

WHY YOUR BUSINESS ABSOLUTELY NEEDS SEO

The first question to ask would be, "Why do you have a website?" The reason behind your website could be to help with sales, get leads and disseminate information. There are a hundred different reasons to have a website, but there is one conclusion that is business growth.

Did you know that around 53.3% of all website visits come from organic search? Over 92% of global traffic comes from Google properties like Web Search, Image Search, and Google Maps. Around 68% of all online sessions start with a search engine. All of these statistics show just how important SEO is for any business.

SEO gets your website and business in front of more people online. It is driving factor that can help your customers find your site when they search on Google, Bing, or Yahoo.

Since 2017, we have assisted hundreds of businesses to launch new websites and achieve their marketing destinations. New SEO is tech requirements demand search engine marketing solutions specialists. Now it's your turn!
